WHAT CAN YOU DO WITH **AUTO DETAILING SKILLS?**

AUTO DETAILING is a lucrative skill you can add to your automotive career as 12-volt installer, fabricator, upholsterer, vinyl wrapper or as a stand-alone business.

An automotive detailing is much more than a “car wash.” Detailing restores or enhances all aspects of the vehicle’s appearance: Paint, Chrome, Plastics, Rubber, Carpet, Leather, etc. As a detailer, you will be giving customers the option (and opportunity) to keep their vehicle looking nice for themselves or to boost the vehicle’s resale value.

The Auto Detailing Course is divided in five phases. All phases will include two sections: Instructional and Hands-On. The course offers 80 hours of training time. Upon completion of the course, students will receive a certificate of attendance and completion. Topics covered in class will include:

PHASE 1 **INTRODUCTION TO AUTO DETAILING AND EXTERIOR SERVICES**

- Determine customer needs and budget
- Introduction to Exterior detailing tools
- Prepping, Car Wash, Decontamination, Tires
- Perform Car Wash Procedure
- Engine Bay
- Headlight Restoration
- Scratch Repair –
- Exterior Paint Correction
- Plastics, Rubber and Chrome: PRC Restoration

PHASE 2 **INTRODUCTION TO AUTO INTERIOR DETAILING SERVICES**

- Description of services for interior detailing
- Pet Hair removal and “Air-Out” & Vacuum
- Headliner and Visor Detailing
- Doors & Jamb, Dash & Instrument Panel, and Center Console Detailing
- Upholstery Spots & Stains: Pretreatment and Removal
- Detailing Upholstery
- Detailing Carpet and Floor Mats
- Detailing Glass and Mirrors
